Stephanie Grant

Recognition : Thank you for the effort to close the Com'X McHardy Topic

To Prateek Bawane; Harpreet SINGH

Cc Darren Brown

Hi Prateek,

I wanted to send a quick note of appreciation and recognition for the efforts done to close the McHardy OSS topic within the Com'X product. This was an important scope item for us and one that required attention to detail and timeline to ensure no further issues occurred. I truly appreciate your hard work with Clay and Jeff to bring closure to the topic on time – it is very much appreciated and both of them are extremely appreciative as well.

Thanks!

Stephanie

Harpreet – Kudos to Prateek!

i You replied to this message on 10/3/2019 8:02 PM,

Congratulations Prateek on good job done .

I do understand that this was not an easy work , and involved legal implications to solve this technical topic for ComX team . Your hard work and right questions enabled the ComX product team to fix the issue and has prevented future legal implications for ComX .

Keep up the good work.

Harpreet Singh

Hi Prateek,

Thanks for pursuing and ensuring that this issue was well managed and communicated. Congrats! on the appreciation from project team.

Regards Ravi
